

**REQUEST FOR PROPOSAL**  
**LPA Coatings Inspector – PID 103664**

Williams County (the “County”) is accepting Statements of Proposal to obtain professional engineering/inspection services for ODOT certified Coatings Inspectors. The County has secured funding through the LPA (FHWA) and through local funds. The County intends to select a Quality Control Specialist that satisfies the requirements as stated in ODOT item 514.04 A.

Firms or Individuals interested in being considered for a contract to provide the required services should reply with a statement of proposal no later than **March 23, 2018 at 2:00 p.m.** Statements received after this deadline will not be considered.

The County will select a Professional Firm or Individual based on the Statements of Proposal as determined at the County’s discretion. The project shall involve the replacement of a concrete bridge deck on existing beams that are to stay in place. The beams will need to be sandblasted and painted under containment, per ODOT Item 514.

The firm shall:

- Review contractors Crew and Equipment
- Review Materials to insure they are on QPL or otherwise ODOT approved
- Inspect abrasion and painting operations
- Monitor environmental conditions
- Inspect applied coating for thickness, coverage, uniformity, and curing
- Collect samples for pre-disposal testing
- Prepare daily inspection reports detailing above mentioned items and progress
- Must provide a Certificate of Insurance
- Must provide evidence of Workman’s Compensation Coverage.

Estimated Coatings Inspector Budget: Anticipated < \$30,000.

Bridge Project Bid Date is March 19, 2018, Construction Date TBD, Substantial Completion Date is October 1, 2018

Required Qualifications: Firm or Individual must be a pre-qualified ODOT consultant, certified in Paint Inspection per ODOT item 514. Firm or Individual must have prior experience with paint inspection.
